

## **Orbus Community Futures Club**

If you believe in our philosophy and want to support the “Orbus Revolution” please join the Orbus Community Futures Club

This club is a support organization to help spread the work, social network, discuss futures issues, brainstorm, volunteer locally to help with Orbus programming and generally act as a resource for Orbus and helping build communities for the future.

The annual membership fee is nominal and covers the administration costs of the online membership programs. The annual membership fee is \$20.00 (sustaining member), \$10.00 (elder members over age 65), and free for young people (15-18 years of age).

If you wish to donate to our foundation, any donations over \$1500.00 will be granted a life membership.

Members receive the Orbus Community Futures bulletin and connect to other members joining from around the world. As a member your voice will be heard as you discuss with fellow members on our blog and you are updated on our website as to the work of Orbus. You also have the ability so suggest areas of support or alert Orbus to them for your own local community (where an Orbus Business Network or a local on the ground Orbus Community Futures Club exists).
